General Campaign Information

Do you meet all of the legal qualifications for the office of President of the United States (Will you be 35 or older as of Election Day; are you a natural-born U.S. citizen; have you been a U.S. resident for 14 years?)

Yes.

Is your candidacy currently on file with the Federal Elections Commission (FEC)?

Yes

Are you a Green Party member? If so, where, and for how long have you been a member?

By virtue of the Mt. Party affiliation with the Green Party in July of 2007 I am currently an affiliated member.

Are you a member of any other political party?

Yes, the Mountain Party of WV, which is officially affiliating with GPUS.

Do you intend to seek the support and/or ballot lines of any other parties?

Yes, I seek the widest possible 3rd-party coverage/support with a green awareness. (The Mt. Party)

What time commitment can you put toward campaigning? How many hours a week can you spend now? If your hours are now limited, will you have the ability to expand your hourly commitment every week?

I have committed myself fully to this race.

Are you able and willing to travel, now and throughout the campaign?

Yes.

Please briefly describe what motivates you to seek the Green Party nomination for President of the United States. What qualifies you to serve as President? How are you qualified to represent the Green party?

The time is now. In 2004 I ran arguably the most successful 3rd-party campaign in the nation for Governor of WV. I enjoyed similar success in 2006 running a principled campaign statewide against Robert C. Byrd (the longest-serving U.S. Senator in history and 3rd in line to the Presidency). I live green.

In what ways would you be able and willing to help build the Green Party through your campaign?

Ballot access, and an enthusiastic team left in the wake, in all 50 states and the District of Columbia.

Numerous state parties will need assistance with signature collection to become ballot-qualified. What resources can you bring to bear to assist with the ballot drive effort? How high a priority will you make of securing and retaining state party ballot lines?

Ballot access is among the most important of all the grassroots organizing efforts associated with electoral politics.

Leadership of an enthusiastic base of young and old, educated and eager to defend our planet that protects us even when we have been negligent.

Are you committed to the Ten Key Values of the Green Party?

Yes, personally and professionally. Being a leading member of the Mountain Party of WV, these same values have been my commitments.

What is the nature of your current base of support?

Young folks and Grandmothers

How would you describe your fundraising ability?

Inspired!

Will you agree not to accept contributions from corporations?

Even Green Companies? This should be discussed fully

What campaign finance policies will your campaign follow?

I will take the public financing pledge and adhere to its rules

Have you previously run for public elected office? If so, for what and when? (If possible, please provide web references.)

Yes.

WV Governor (2004); <http://www.cnn.com/ELECTION/2004/pages/results/states/WV/G/00/index.html>

I presently serve as the state chairman of the Mountain Party of WV, after winning contested nominations for this statewide office.

Are there any other particulars of your campaign structure or strategy that you would like people to know?

I will utilize my filmmaking skills to create a major video-based YouTube (www.youtube.com) campaign. I will earn media attention with a series of public stunts that are beyond imagination. And I will use advanced

technology and a healthful lifestyle to travel with zero fossil-fuel emissions to show what is possible.
