Federal Law requires political committees to use their best efforts to collect and report the name, mailing address, occupation, and name of employer for each individual whose contributions exceed \$200 in a calendar year.

Contributions from the following individuals and entities are prohibited: corporations, national bank, government contractors, people under 18 years of age, and foreign nationals. The Greens Party never sells or gives its list to any outside organization, but does share with state Green Parties in the donor's home state.
